Games for language learning

WHICH ONE IS MISSING?

MATERIALS:

MLS picture cards
(boy, girl, mom, dad, grandma, grandpa)

INSTRUCTIONS:

1. Introduce the picture cards to the children in English
2. Set all the cards out, picture side up.
3. First player closes their eyes while another picks one of the pictures and hides it behind their back.
4. First player opens their eyes and tries to guess which picture is missing.
5. Repeat until everyone has played at least once.

Moomin Language School picture cards can be used for many different kinds of language games for all ages! Learning vocabulary with visual cues is important to children.

In this game children practice vocabulary, memory, and waiting for their turn.

SHOP, SCHOOL, HOUSE, PARK

MATERIALS:

MLS picture cards
(shop, school, house, park)

INSTRUCTIONS:

1. Introduce the picture cards to the children in English.
2. Put the cards up all around the room.
3. Say the word on one of the cards. The children are supposed to run where that card is.
4. Increase the pace as the game goes on to test the children's reaction speed!

Picture cards can be used for active games, too, to develop the children's motor skills.

Combining physical activity with language learning gives a workout to both body and mind! When children are being active and having fun, they learn without even realizing it.

SONG: TRAINS AND CARS

Tune: Mulberry bush

The **town** is full of **trains** and **cars**,
Trains and **cars**, **trains** and **cars**.
The **town** is full of **trains** and **cars**,
Driving through the **town**!

MATERIALS:

MLS picture cards
(town, car, train)

INSTRUCTIONS:

1. Sing the song yourself first to introduce it to the children.
2. Go through the song line by line. Sing each line and have the children repeat it after you.
3. Next sing the song together. Children love repetition and can sing the song several times.
4. Use the picture cards as a visual aid to help the children understand the words.

Songs and rhymes are very important in language learning. By singing, children learn new words and the rhythm of the language. Songs are a fun and easy way to help children remember new words.
